Dear [redacted]

Dear Wolverhampton City Council,

Thank you for your email.

I am a lesbian women.

I have suffered significantly due to this, for unimaginable circumstances I will not express here.

I am not a *"q"*; I can give demonstrative examples of the context of how this word would be used to describe a practice. For example 1. would be lactating on a women's breasts as a sexual practice would be *"queer"* as breasts are for a baby to feed on.

The Q - It is not covered under PSED, therefore please explain and expand why it is in your acronymic example?

1. The "+" is significantly offensive to being English, (Welsh British) my nationally and genetics country of the centre of England, part of Great Britain the United Kingdom and great British Isle.

2. The symbol + is also used in health care, lesbiansexual, lesbian same sex attracted women is not an illness.

3. It is also callus and cruelly used by women who are heterosexual partnered looking for *"additions"*

Being a Christian women the cross is actively representative of myself as a Christian women.

The retention of this data is required as a permanent record.

There are urinals that can also be used as well as “accessible toilets” ? What does that mean please ? and how is that functional for a vagina that bleeds bloods.

Can you please explain and expand to me as a women, with a vagina that has a monthly menstrual cycle and further how I could sanitary access facilities throughout the day please?

It has taken me 3 months to respond to your email

What is X2Y please I do not understand ?

Wolverhampton LGBT+ has been violating me to who I am as a lesbian women.

I left this public feedback on their website and will await their timely response & visibility on their website.

"Women 4 Women Social volunteer is a biological male, who describes himself as a lesbian trans women. A biological male with a penis in a space of a few women getting together in a pub he also described a 35+ year relationship as male presenting as a lesbian relationship, he dominated the conversation and was misogynistic talking at not with. Re traumatising lack of acceptance of myself.

Women 4 Women Social is not for same sex attracted women, to find support nor love."

Further to the below with Pride?

Whilst it is not compulsory for them to offer same sex facilities. It is anti-sanitary, sub-standard. It is not what I expect of the standards of a traditional town-City. Anti Sanitary public ape rooms.

Why is it on a market yeah and you be buying des portal toilets - well trashy. rubbish yeah why not say for example have it at West Park or Bantock Park ? - If it is intended

Good to note about Wolverhampton, Free Sanitary products in the Mander Center.

I have not been to Pride, the last one I recall was *"trans fixated"* which is a different experience, and led to a delay in my re acceptance from significant harm.

I look forward to your response.

I REQUIRE THE RETENTION OF THIS EMAIL INDEFENTILEY.

Sincerely,

MS. K Lane

Dear Katie.

In response to your e-mail on 4 May.

Wolverhampton Prides' key aim is to be a celebration for the city's LGBTQ+ community. We work together as a community to bring alive the festival for everyone so we can educate, demonstrate and celebrate LGBTQ+ inclusion within our city.

Since 2023, Pride has been led by the City of Wolverhampton Council working as part of the Pride Cooperative which consist partners across the city including Wolverhampton LGBT+ and X2Y. This is to ensure that we are being representative of the city's LGBTQ+ community to all aspects across the Parade, Community Stalls (known as the Pride Market), programming of the acts etc. Within the programming (acts) we have tried to ensure that we have a diverse offering to celebrate all identities across the LGBTQ+ community.

In reference to single sex facilities, the updated guidance from the Equality and Human Rights Commission states that "It is not compulsory for services that are open to the public to be provided on a single-sex basis or to have single-sex facilities such as toilets" and "where toilet, washing or changing facilities are in lockable rooms (not cubicles) which are intended for the use of one person at a time, they can be used by either women or men" as per https://www.equalityhumanrights.com/media-centre/interim-update-practical-implications-uk-supreme-court-judgment in workplaces and services that are open to the public:

Toilets for the majority of our events are not single sex as they are "cubicles" therefore can be used by any. They are normally arranged together in a block. There are urinals that can also be used as well as "accessible toilets". There are a number of FAQ's that are on the Pride Website that can be viewed at FAQs | Wolverhampton Pride
